

Dear Keith and the whole ADP Team,

I wanted to write to you to explain how delighted we are with the recent design and print work you have completed for us. I am notorious for leaving things to the last minute, changing my mind and throwing in extra ideas at a moment's notice, but you always manage to keep up with me!

The idea of having a complete re-brand of our company literature and logo's seemed a daunting and expensive task, but you made it stress-free and very affordable.

The best qualities about you and the team at ADP are that you take such pride in the quality of your work, so nothing but the highest standards of printing are delivered to us. You are exceptionally fast and reliable, as well as also being very competitive. As a business owner, we are always looking for things to be done in the most cost effective way and with every job we send to ADP, you always come back to us and give us advice on how to reduce our costs, by printing a certain amount or in a certain format/layout, so we get great value for money, without compromising on quality.

You go above and beyond to meet any print deadlines we set and always take the time to make sure we are 100% happy with all the artwork before we go to print. You and your team are so friendly and accommodating that it is a pleasure to work with you and we will continue to do so for the foreseeable future. I would not hesitate to recommend your services to anyone looking for any design and print work.

kindest Regards

Jasmine

WPL Limited review of ADP Printers

"We have used ADP Limited for well over a year, and find them friendly, helpful, and flexible when we need something in a hurry. They have also offered help and design advice when needed, often beyond the call of duty, to ensure the finished article is spot on! We have recommended them on several occasions."
